The Sangre de Cristo Arts & Conference Center wants to recognize the Pueblo County Sheriff's Department and the Pueblo Police Department for their help and support over this past week. Our team at the Arts Center is appreciative of the hard work your teams provide to our campus and community to keep us safe. We are providing 15 tickets to each of our local law enforcement teams for this Saturday's performance at the Arts Center theater to say thank you. Eric Elison renowned Gordon Lightfoot tribute artist and known as Lightfoot of the Rockies performs this Saturday, January 20th at 7pm.

Eric Elison is a veteran Navy pilot and is excited that his show in part will help to pay tribute to both law enforcement as well as first responders and veterans at this show, essentially all of those who keep us safe. He is proud of his service and often performs the song, "The Piper Must be Paid" which he describes as a stirring tribute to all those who have served. There will also be a total of 15 tickets available on a first come first serve basis for veterans and first responders at the Arts Center. Please contact us to claim these tickets.

We are proud to launch a new membership and admission discount for these everyday heroes. In addition to the admission discount, we have previously offered to Military personnel, we are now offering a 10% discount on our memberships to Military, First Responders, and Healthcare Workers. These individuals will also be eligible for discounted admission. Simply show your identification to our front desk in order to redeem these discounts.

We are dedicated to the safety of all of our visitors and encourage community members with questions or concerns to please call the Arts Center welcome desk at 719-295-7200. You can also reach out to Andy Sanchez directly at 719-295-7209 or via email at andy@sdc-arts.org.

Andy Sanchez, C.E.O.
